YOUR BOY

can easily become the best educated lad in the district. In a short time he can astonish grown folk or his young friends by telling them accurately about any or all of the wonderful things in the world.

In the olden days there were no books, Fathers passed on to their children by word of mouth the legends and learning that they had acquired-and the children remembered it word for word by larning a little every day. This method was used for many centuries. But now, by use of a wonderful new system of child edu-

Th? Book of Knowledge The Children's Encyclopedia

it is not necessary that he remember word for wordbut simply by reading and looking at pictures a few minutes every day, his mind grasps the facts in such a way as to make them unforgettable.

With short words and sentences and by looking at the pictures—and there are

More Than 10,000 Educational Pictures

the child is fascinated by the way in which ordinarily dull knowledge is made as gripping and interesting as the best child's story ever written-better because every word and picture is true. Here are
